

Springtime Learning 2023.

We have used songs and rhymes to extend our learning. Nursery children enjoyed "Hop Little Bunnies" and then we made a Vet's Surgery to play in with our friends. Great fun!

We had a floppy eared visitor and the children gave her a carrot. I think the rabbit liked her afternoon in Nursery as the children sang her the 'Little Peter Rabbit' song with lots of Makaton signing. We love animals at Alverton Nursery and are very gentle.

. We learned "I'm a Little Teapot" and explored all things about Tea. We poured, filled, tried Tea at home and even used it as paint! It was great to see the children all working together to make a tea party for the toy animals
