

After School Club

Our After School Club is registered with Ofsted as part of the school's registration and must meet Ofsted's standards in relation to sustainability as carers of children, the safety of premises and facilities, insurance and record keeping.

The children are collected by a member of staff each day at home time and taken to After School Club which is in the porta cabin at KS1. The children are given a biscuit and then they are able to enjoy socialising with children from nursery up to year 6 in play/activities of their choice. Some nights we have adult led activities that link with our weekly theme. The children are also given a small snack which is usually given between 4.15pm and 4.45pm.

We have various activities available such as crafts, games, jigsaws, dressing up, construction toys, play kitchen, TV and much more! We also use the school field for outdoor play in nice weather.

Our staff are first aid trained and have food safety and hygiene certificates.
